VOLUME CVI.---NO. 68. ALEXANDRIA, VA., TUESDAY EVENING, MARCH 21, 1905. PRICE 2 CENTS.

Who would exchange the merry noise of children at play, with the childless home where the clock tick can be heard hour after hour in the dull silence? But there are a great many who would like to people the silent house with the children that fate has refused them. Fate is often in this case only another word for ignorance. Many a glad mother dates her happiness from the day she first began the use of Doctor Pierce's Favorite Prescription. It often happens that with the cure of female weakness and the establishing of the delicate womanly organs in sound health, the way is opened for the joy of motherhood. "Favorite Prescription" is a specific for the chronic ailments peculiar to women. It cures them perfectly and permanently.

No other medicine can do for women so much as "Favorite Prescription." Do not therefore let any other medicine be palmed off on you as "just as good."

"Favorite Prescription" contains no alcohol, opium, cocaine or other narcotic. It is strictly a temperance medicine.

"I can truly say your medicine is a friend of mine," writes Mrs. Arthur Bratt, of Amherstburg, Ontario, Canada. "I am mother of four children and suffered greatly at times of birth of first three. When three months along with the last one I began to think of trying some medicine to ease those terrible pains, and asked our doctor whether there was anything he could give me to lessen labor pains. He said there was nothing that could help me. I then thought I would write to Dr. Pierce. He advised me to take his 'Favorite Prescription.' I started to take it at fourth month. I was very weak, had heart trouble and would faint away two or three times a day. Our doctor could not help me and life was a drag. I would often say, oh, if I could only die in one of these spells; but I took five bottles of 'Favorite Prescription' and felt better every way. Got along well at the time of delivery. I had heard of painless childbirth, and I thought it must be a good medicine that would help those pains, but I know now for myself, and can not tell it plain enough. Your 'Favorite Prescription' is the best medicine as we mothers know. I advise my friends to try it. Baby is now four months old and is a strong healthy boy."

KEEP YOUR HEAD UNCOVERED.

The Constant Wearing of a Hat Propagates Dandruff Germs.

There are many men who wear their hats practically all the time when awake, and are blessed with a heavy shock of hair; yet if the scalps of these same men once became infested with dandruff germs, the parasites would multiply all the quicker for lack of air. Baldness would ensue as the final result. Newbro's Herpicide kills these germs and stimulates unhealthy hair to abundant growth. Herpicide is a delightful hair dressing as well as a dandruff cure and contains not [illegible] of injurious substance. Sold by druggists. Send 10c. in stamps to The Herpicide Co., Detroit, Mich. STORM-TOSSED STEAMERS.

More than three and a half days behind her best record time for the voyage the big White Star line steamer Cedric arrived at New York yesterday after the most turbulent voyage of her career. From the outset of the voyage the Cedric encountered heavy weather. The force of the gale was terrific, and at times assumed hurricane proportions, with tremendous seas. At times the seas broke more than 20 feet higher than the Cedric's bridge, and were estimated to be 60 feet high from the hollow to the crest. Her officers say that although the huge ship rolled and pitched violently, she behaved splendidly. In the most violent period of the storm on March 12 Mrs. Whitney, a steerage passenger, gave birth to a child. He was named Cedric Whitney. The Cedric had the hardest experience of the voyage on Wednesday, the 15th. Just before dawn, while she was going at fair speed, three tremendous seas, which passengers said seemed 80 to 100 feet high, struck her within a few moments. The first caught her on the port bow and rolled her heavily to starboard. She had scarcely come up on an even keel again when another monsterious wave struck her forward on the port side, smashed in part of the port rail and shivered several of the port side lights. While her bow was sticking out of the side of the second wave, a third, equally large, caught under her bow, bending several plates on her port side forward. The succession of waves knocked the ship about so violently that several of her passengers were thrown from their berths. On Saturday the Cedric passed through 50 carcasses of beeves floating in the sea.

The Cunard line steamer Lucania arrived yesterday from Liverpool and Queenstown, 60 hours behind her usual time. The delay was caused by damages sustained in a severe west-northwest gale an hour and a half after passing Fastnet on March 12. An enormous sea struck the crown of the starboard stockless anchor violently and smashed the bawser pipe by the impact. An hour after the accident Captain Watt turned the steamer about and returned to Queenstown, where repairs were made and the steamer sailed again on March 14. Stormy weather was encountered throughout the voyage.

Robbed of $10,000.

J. E. Daly, an Oakland, Cal., liveryman, who was acting as a messenger for the Central Bank of Oakland, was held up and robbed of $10,000 yesterday. He was on his way to the Standard Oil refinery, at Point Richmond. There were two highwaymen, one of whom was tall and the other short and stout. Both carried revolvers, but only the taller of the men wore a mask. The short man had a heavy beard. The robbery took place on the roadway between Stege and Point Richmond. The highwaymen jumped out of a clump of brush at the side of the road and at once covered Daly and former Deputy Sheriff Roach, who was riding with him. At the point of revolvers, Daly and Roach were compelled to jump from the buggy and give up the sack of gold. Then the robbers tied the men to a fence a gagged them. Daily and Roach freed themselves after much difficulty and proceeded half a mile to Stege station. It had been the custom of the bank to send out $10,000 each month to the Standard Oil plant to pay employes, and the robbers were undoubtedly acquainted with the fact.

May Meet China's Empress.

Secretary Taft means to extend his summer trip to the Philippines to China and Japan, and may decide to return by way of the Suez canal, in which event he probably will visit Italy, France, England and Germany. He will visit Yokohama, where he will have an imposing reception. The Secretary will leave his ship at Shanghai and proceed by rail to Pekin, where he will be presented to the Empress Dowager and the other members of the imperial family by Minister Rockhill. Miss Alice Roosevelt and many of the Senators and Representatives who go with him to the Philippines will accompany him to China and Japan. The ocean travel of the entire party will be paid for by the Philippine government, but each member will pay his own expenses in the Philippines, and while traveling on land.

Like Finding Money.

Finding health is like finding money—so think those who are sick. When you have a cough, cold, sore throat or chest irritation, better act promply like W. C. Barber, of Sandy Level, Va. He says: "I had a terrible chest trouble, caused by smoke and coal dust on my lungs; but, after finding no relief in other remedies, I was cured by Dr. King's New Discovery for Consumption, Coughs and Colds." Greatest sale of any cough or lung medicine on earth. At E. S. Leadbeater & Son's drug store; 50c and $1.00; guaranteed. Trial bottle free.

Inflammatory Rheumatism Cured.

William Shafter, a brakeman of Dennison, Ohio, was confined to his bed for several weeks with inflammatory rheumatism. "I used many remedies," he says. "Finally I sent to McCaw's drug store for a bottle of Chamberlain's Pain Balm, at which time I was unable to use hand or foot, and in one week's time was able to go to work as happy as a clam." For sale by Gibson & Timberman and W. F. Creighton & Co.

Religious Revival.

As a result of a great religious revival which has just closed in Dixon, Illinois, five dancing clubs have disbanded, and several thousand people have taken an oath not to frequent barrooms and not to have anything to do with dancing parties or card tables. The famous Kendal Club, a charitable organization, which raised several thousand dollars a year for charity, voted not to hold any more dances and gave to William M. Sunday, "the baseball evangelist," $500. During the revival three bartenders were converted, a number of gambling dens were closed and gambling outfits were destroyed. At the close of the meeting a collection was taken for the evangelist, and people in the Tabernacle gave him $1,750 for his four weeks' work. During the four weeks of the meeting it is estimated that 180,000 people attended the meetings, and that there were at least 2,000 conversions.

To a Wood Violet.

Can my sweetheart be loyal?
Can my sweetheart be true?
As she dwells in the wood by a sparkling brook
Arrayed in the garb of a violet blue!
She is kissed by the dew at early morn,
And hugging his smile all day in the shade;
When at eve she is sighing all forlorn,
'Till night time hides her drooping head!

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

TUESDAY EVENING, MAR. 21, 1905.

THE republicans having a majority of the Missouri legislature on Saturday evening last elected Major William Warner, who, however, was not the caucus nominee Senator from that State. General Francis M. Cockrell, who closed his thirty years service as a Senator from Missouri on March 4th, was supported on every one of the sixty odd ballots by the solid democratic membership of the legislature, except on the last ballot, when Major Warner's election was assured. Then a democratic member addressed the chair, saying he had voted for Senator Cockrell on every ballot, "a man he did not know; he would now vote for William Warner, a man he did know." Indeed not many democratic tears will be shed at Senator Cockrell's defeat. The honors his State and party paid him apparently were not as much appreciated as was the incense of flattery which reached him from a republican administration. Senator Cockrell was a delegate to the democratic convention, and was voted for as a candidate for President when Judge Parker was nominated. It is not of record that he made any effort to bring about Judge Parker's election. Missouri was supposed to be so surely democratic that no great work was done in the State by that party. On Thursday, November 10, 1904, press dispatches from St. Louis stated :

There was no hint that the democratic legislature was in danger. The re-election of Senator Francis M. Cockrell was taken for granted by both parties. He made no special canvass for re-election. In Kansas City his friends assailed the character of six or eight democratic candidates for the legislature, and defeated them, supposing that the votes would not be needed to make a majority.

This in part tells the story, and for some time past it has been intimated that some democratic Senators, in a political sense, also looked upon General Cockrell as "a man he did not know." Able and honest as a Senator he was, but his nearness to the present administration and the immediate offer and acceptance of a lucrative position from President Roosevelt will cause little regret that he has been succeeded by a republican, unless we could have a democrat who would go into a democratic caucus and abide by its action.

REV. W. GORDON JONES, aged 22 years, has been summarily dismissed from the pastorate of a church in Pitman, N. J. Neglect of pastoral duties and riding on Sunday trains are the ostensible causes which precipitated his dismissal. The young man was a converted banjo-picker and started out in life as a member of a ministrel troupe. When he renounced the burnt-cork profession he did not relinquish his banjo, but carried it into the church with him and used the instrument to draw crowds to religious services. The use of such means to attract people to churches has been justly condemned, as no lasting good is accomplished by turning churches into play houses. Rev. Jacob Kurtz threw a shell into the Ministerial Association of York, Pa., at a union meeting yesterday afternoon by charging ministers with holding fairs and smokers in churches and turning God's house into a playhouse. Continuing Mr. Kurtz said:

Here is the Young Men's Christian Association, organized to spread the gospel among the youths of the land. What is the association doing? Is it working in the interest of Christianity? Instead of carrying out its original mission, it is promoting such things as basketball, chess, checkers and dominos. Is it proper for a Christian society to encourage games of chance that arouse the gambling spirit in young men and lead them on to hell? You clergymen are responsible for all this. You are turning your backs upon your duties and making a farce of religion. Instead of preaching to save souls, you are preaching for the benefit of your pocket.

MR. SWANSON'S manly card published yesterday in refutation of the charge made against him by some of his opponents that he was concerned in the issuance of a circular regarding the amount of taxes paid by Mr. Willard, will be read with pleasure by his friends and admirers throughout the State. The circular referred to should never have been published. It was an unmanly attack upon Mr. Willard, rightly calculated to do him more good than harm, especially if its origin could have been traced to either of his opponents, for the majority of people in Virginia like to fight in the open and will not stand for covert attacks or underhand politics. Mr. Swanson's prompt disclaimer of all connection with the circular and his bold utterances "if I shall at any time make any statements concerning the candidacy of my opponents these shall be made in public addresses to the people, openly and frankly, and, I would prefer, in the presence of those concerned," and "I shall conduct my campaign on the very highest plane, discussing the public issues and questions involved in good temper and the proper spirit," have drawn his friends nearer to him and have also won to him others who might have been wavering as to their choice for Governor. It is hardly necessary to state that Mr. Swanson's personal friends never for a moment believed that he had anything to do with the circular in question.

IN THE Canadian northwest, just over the Montana border line into the province of Alberta, oil of the highest quality ever known has been struck by prospectors and a development rush has begun to that section. The valley where the wells have been located is an enormous crevice caused by a volcanic eruption forming great basins of oil under the rock formation at a depth of 1,000 feet. Already the Great Northern Railroad and the Canadian Northern are preparing to build branch lines into this new oil region, which bids fair to become a formidable rival of the properties owned by that octopus, the Standard Oil Company.

ACCORDING to figures compiled by the Publishers' Weekly, the number of new novels and volumes of stories published in the United States in 1904 was 1,007, an increase of nearly 200 over the previous year. This does not include the new editions of fiction, which were 814 in number. Truly to the making of books there is no end.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., March 21.

It is learned today at the State Department that about 10 days ago Minister Bowen was instructed by this government to demand formally of President Castro, of Venezuela, that the questions at issue between his country and the United States be submitted to arbitration. His instructions were also to the effect that in case of refusal he was to inform President Castro that the United States "would then pursue its own course." At that time the State Department had determined upon no alternative action, thinking it probable that President Castro would acquiesce in the proposition for arbitration. The department not yet being informed of President Castro's answer, cannot make any definite statement as to what action the government will take. Should Castro refuse to arbitrate, however, it is quite likely that there would be preliminary seizure by the United States of customs ports on the Venezuelan coast, later action to be determined by the President and Cabinet. The principal questions at issue between the United States and Venezuela are the status of the New York and Bermudez Asphalt Co., of the United States, and Venezuela Asphalt Co. and the claim of M. Jaurez, the French-American correspondent who was arbitrarily expelled from Venezuela about six months ago. Unofficial advices from Venezuela today are to the effect that Minister Bowen has presented the demand of the United States in accordance with his instructions, but the nature of President Castro's reply is not known, to the public.

In addition to her troubles with the United States, Italy and France, Venezuela also aroused the wrath of the Netherlands government. It was announced today at the State Department that Minister Bowen had informed the Department by cable that the Netherlands government, through its Minister at Caracas, had demanded the release of 5 Hollanders alleged to have been illegally arrested by Castro and imprisoned for the past 7 months.

The developments in Venezuela were made known to the Cabinet at today's meeting, and the matter was discussed in a general way, without any formal action being taken. Acting Secretary of State Adoo brought Minister Bowen's dispatches to the President but did not remain in consultation with him.

The reorganization of the Isthmian Canal Commission, which was delayed until after the Senate adjourned to prevent any interference with the President's plans, certainly will be effected before Mr. Roosevelt leaves for the South on April 3, and the shake up will probably come within a week. The President is determined to make short work of the whole business, to prove that he is in earnest, and he will call for all of the resignations in a body. He is not inclined to apply any salve to the feelings of the Commissioners with whom, as a body, he is throughly disgusted. As matter now stand, it is Mr. Roosevelt's plan to make a clean sweep, removing all of the present commissioners appointing an entirely new board of three members, leaving the four other places vacant.

President Roosevelt has written a letter to Secretary of War Taft approving a recommendation of the latter that there should be a change in the personel of the Panama canal commission and a rearrangement of the duties of the members of the commission. The secretary made made the recommendation as he states in view of the present condition of sanitation on the isthmus, to avoid further delays in getting proper supplies to the canal zone, and for the purpose of facilitating the work of the canal. It is proposed by the secretary that the executive management of the canal should be centered in one, or not more than three, members of the commission. He says that a few days he will present to the President a plan of reorganization. The President's reply expresses approval of the secretary's ideas together with some personal observations relative to the recent controversy between the commission and Dr. C. A. L. Reed, who recently made an adverse report on sanitary conditions on the isthmus.

In his letter to the President Secretary Taft criticises the language employed by Dr. Reed in making his statements regarding the commission, saying that if the doctor had had more time he would have been less extreme and less flippant in his reference to the action of the commission.

The President, in his reply, says: "Judging from your report it appears that the chief difficulties that have arisen have come from the inherent faultiness of the law under which the Commission was appointed."

The evident purpose of making the correspondence public is to induce the members of the present commission to tender their resignations. They will be given a few days in which to avail themselves of this privilege, but in the event of their not taking this course, the President will formally dismiss such of them as he wishes to dispense with and appoint new members in their places.

The President has approved the sentence of dismissal from the army in the case of Lieut. Albert J. Mohn, 4th Cavalry, who was convicted by court martial at Jefferson Barracks, Mo., on the charge of disrespect to his superior officers in writing personally to the President and accusing them of persecuting him.

Samuel Gassenheimer, formerly the proprietor of the Lawrence Hotel here, who was convicted of receiving embezzled B. & O. railroad tickets, after having three trials, was this morning sentenced by Judge Wright, in Criminal Court No. 1, to serve a term of two years' imprisonment. An appeal was immediately noted by the defense. In the meantime Gassenheimer is out under bail.

GOVERNOR SHOT BY BOY.

A dispatch from Viborg, European Russia, says that Gov. Miasorodoff was shot and seriously wounded yesterday by a boy revolutionist. The assassin, who is about fifteen years old, obtained an entrance to the governor's office, and fired three times at him, one bullet inflicting a serious wound and the others slightly wounding the governor's legs. The governor's clerks and secretary were unable to stop the would-be assassin, who reached the street, where, however, he was arrested without a struggle. The governor's condition is critical.

The youth who shot the governor has been identified as Matti Hjalmar Reinikke, who admits that he is a revolutionist. He hails from Kurikke parish, in the northwestern part of Finland, but recently has lived in Stockholm to avoid arrest on account of his known revolutionary ideas. He returned four days ago to Finland, by way of Tornea, and spent three days in Viborg, but declines to reveal his stopping place.

Gov. Miasorodoff has been most energetic in the Russification of Finland, and memorials have been sent to the estates petitioning for his removal on account of his alleged illegal methods and the general condition in his province, which were pronounced to be intolerable.

At three o'clock yesterday afternoon Reinikke gained entrance to the governor's cabinet, and fired a shot from the threshold. Then, advancing, he fired twice more, after which, jumping behind and under the governor's writing table, with his pistol he held up the clerks, who were rushing in, and managed to reach the street. Secretary Markoff, who followed him, summoned assistance, and the would-be assassin was captured.

Reinikke, who had lost one of his arms recently in a railway accident, when asked if his name was Reinikke, replied: "The police of Helsingfors know me, my motive and the governor's record."

The crime was committed with an automatic pistol of the same type as the one with which Hohenthal assassinated Soisalon Soininen, the procurator general of Finland, on February 6.

THE BROCKTON HORROR.

The boiler explosion, fire and loss of life yesterday morning at Brockton, Mass., was described in the Gazette. It is believed that 80 persons lost their lives and that 50 were injured. The survivors give thrilling descriptions of their experience.

One of the first to reach the shoe factory ruins was Rev. James A. O'Rourke, curate of St. Margaret's Roman Catholic Church. From his residence, near by, he saw the building tremble and then burst into flames. He rushed to the factory and helped in the work of the rescue until his shoulder was dislocated and he fainted from exhaustion. Father O'Rourke said last night:

"Pinned beneath heavy pieces of machinery, timbers, and twisted coils of pipe, were many, oh, so many, men and women, suffering terrible agony. In order to reach these imprisoned sufferers we had to crawl through the debris and with the aid of a large timber we raised the wreckage, which held fast several men and women. In this manner and by brute strength we pulled out seven employes. By this time the flames were almost upon us, and we were about to flee for safety, when one poor fellow begged that a last effort be made to save him. Three of us grasped the man by the shoulders and arms and tugged and pulled until suddenly he cried: 'My God, my leg is pulled off.' It was terrible, especially so because a moment later, with our clothing scorched, we were ordered away by the chief of the fire department and were reluctantly compelled to leave the poor man to his fate. Just before leaving I saw at least fifteen of the imprisoned operatives, some already suffering untold agony from the flames, which were actually cooking their flesh, and others watching with terror-stricken eyes the fate of their companions, knowing that a moment or two would bring to them similar suffering, and then death."

Today's Telegraphic News

The Brockton Disaster.

Brockton, Mass., March 21.—The term "missing" has the grim significance of "dead" in a small city, and the official list dead in the Grover shoe factory shows 14 bodies identified. Search of the smouldering ruins was resumed again this morning. No bodies were recovered last night. Medical Examiner Paine expressed the belief today that many of the bodies had been burned to ashes and no trace of them would ever be found. Relief committees from the various secret societies and labor unions are lending their aid to locate the missing members of the families. Many of the injured are in the hospitals and will recover. Of the four hundred employes of the factory but two hundred and fifty-nine are reported as getting out of the building. The majority of these sustained injuries. The work of searching for the dead is marked by many scenes of grief. Heart broken mothers and wives waited all night long in the silent line near the ruins waiting for the search to be resumed this morning. Cloudy weather and a cold fog gave a cheerless setting to the already heart breaking scene.

Many offers of assistance have been received from other cities, but Mayor Keith says they will not be needed. The city has arranged for a public funeral of the unidentified dead, and will pay the expenses. The work of searching for the missing dead was prosecuted with the greatest vigor this morning. Crews of men were working among the charred beams, timbers and machinery which lay piled in shapeless masses. A foul stench arose from the debris, which sickened many of the searchers. Because of the incinerated condition of most of the bodies there is a likelihood that but few will be identified. When a body is found it is removed to the police station and there tagged. The city and State will make separate investigations of the disaster.

The body of Engineer Rockwell was found this morning in the engine room beside the chair in which he had been sitting and was identified by a nail clipper and a watch. This makes fourteen identified bodies thus far recovered. Fifty-five bodies have been recovered.

The work of searching the ruins went on slowly today, though with as much expedition as possible under the circumstances. The moving of the heavy girdles made the work of removing the debris slow. The fireproof vault, containing the books and papers of the firm, is as yet unopened. In the safe is also the payroll which probably contains the only correct list of the employes of the factory. Mayor Keith said that the vault could not be opened for twenty-four hours or more.

Miss Julia Bowne Offered Position.

New Brunswick, N. J., March 21.—Richard Von Kredenz has offered Miss Julia Bowne, who eloped with J. Frank Cordova, a position in his restaurant at New York city. Von Kredenz owns a large farm near here. He says that he will see that Miss Bowne gets a place in his New York establishment whenever she is willing to accept it. She cares more for Cordova than she does for a New York position, however, and will remain here, close to the convicted pastor. Cordova has asked his counsel to procure a typewriter for him, so that he can aid in getting out the legal documents necessary to carry on his appeal and thus save expenses. He thinks he can do the work very readily. J. Conover Bowne, father of Miss Bowne, is said to be making an effort to get bail for Cordova, so that he can get out of jail. He has been won over on Cordova's side apparently by his daughter. Cordova wants to get to Mexico where his father was an officer in the army, as he is sure he can get financial aid there.

The officials are at odds as to the taking of Cordova to prison. Prosecutor Berdine claims he can be taken there today. Lawyer Cook, for Cordova, holds that the writ of error acts as a stay. Sheriff Carman is uncertain what to do, and will consult his lawyer, A. S Strong, the son of Judge Woodbridge Strong, who sentenced Cordova to four years, and find out where he stands in the matter before he takes Cordova to prison.

Judge Strong today fixed $4,000 as the amount of bail that Cordova must secure to procure his release from jail, pending the prosecution of the writ of error filed by his counsel.

Cordova was sentenced to serve four years in State prison, having been convicted on the charges of abandoning his family and of assaulting his wife.

Lawyer Cook thinks he may be able to get that amount of bail. Cordova is still in jail and will not be taken to State prison today.

Sheriff Carman holds that the writ of error stops him from taking Cordova to prison.

J. Conover Bowne will leave South River and move with his family to West Park.

Anticipate Flood.

Pittsburg, Pa., March 21.—"Preparations had better immediately be made for possibly the greatest flood in years." This is the warning issued at 10 o'clock this morning from the local Weather Bureau office. This time it will be the Monongahela's innings, as this river shows unmistakeable signs of reaching a very high stage this morning. The river is rising from end to end, and its tributaries are also swelling rapidly. Heavy rains have been falling over all the country drained by the Monongahela and tributaries for several hours past, and reports received at the Weather Bureau this morning showed the streams to be rising rapidly. It is also raining heavily up the Allegheny valley, and it would not be a surprise if that river would start to rise again by this evening or tomorrow. Owing to the present very high stage of the Allegheny, and also considering the fact that the river is falling this morning, from the head waters down, it would not take a great deal of rain to cause the stream to stop falling and come up again, but such a condition is not expected. Forecaster Frank Ridgeway stated this morning that the Monongahela would likely give a great deal of trouble at Pittsburg, unless conditions change greatly, and very soon. At eight o'clock this morning, the marks in the Monongahela river at Market street, showed 27.3 feet, a fall of 7 from the highest record of the night, 28 feet, at 10 o'clock, last night.

Suicide at Sea.

New York, March 21.—Andrew M. Griscom, of Philadelphia, nephew of Clement A. Griscom, former head of the International Mercantile Marine Company, who disappeared several weeks ago, and was later located in Europe, was a passenger on the Atlantic Transport liner, Minnetonka, when she sailed from London. When the Minnetonka arrived here, today, Captain Layland reported that at 3 o'clock on the afternoon of March 16th, young Griscom jumped overboard. A boat was immediately lowered, but the volunteer crew when they reached the spot where he was last seen, failed to find any trace of him. Griscom is supposed to have been demented. Griscom had engaged passage on the Atlantic Transport liner Minnehaha, which arrived here a short time ago, but he failed to put in an appearance when the vessel sailed from London. Griscom seemed to lose his reason about two months ago, through over study and disappointment over his lack of success in college.

The young man after leaping into the sea apparently changed his mind, and swimming to the log line of the Minnetonka, he grasped the line. He was pulled along it until his body came in contact with the patent log, and was literally torn to pieces by that instrument.

Flight of the Russians.

Kaopantse, Tientsin, March 21.—A Norwegian trader who was with the Russian army on the retreat to Tieling, who has just reached here, says that the demoralized troops cast away their equipments, in many instances even their boots, in their hurried flight. On the last day at Tieling, Cossacks looted the traders' booths. They seized everything in sight, and sold champagne at a rouble a bottle. They smashed everything they could not sell. A Japanese spy was caught by Cossacks and when he resisted he was killed. The guilty Cossacks were themselves shot a quarter of an hour later.

St. Petersburg, March 21.—Advices received here from Harbin state that General Linievitch, the new commander-in-chief of the Russian armies, is making drastic changes in the subordinate commanders. Among others changes he is entirely reorganizing the general staff.

Escaped Lynching.

Greenwhich, Conn., March 21.—Leonard Diamond a French Canadian, 35 years old, narrowly escaped lynching at the hands of a mob near here late last night. Diamond had forced his way into the home of the Misses Hassan and Kite Lane at Coscob and had attempted to assault Miss Hassan Lane, who is 73 years old. The lady is prostrated by the shock, and may die. Diamond has a wife and child living at Putnam, Conn. A crowd caught the fiend, after the alarm was given, and were preparing to swing him from the bridge, when the sheriff and other county officers appeared, and hurried the man to jail. Diamond was terribly beaten by the angry villagers.

Fight With Bandit.

Chicago, March 21.—After a rifle and revolver battle in which one man was wounded, a band of policemen, late last night, captured John Nadolski, later identified as one of the three bandits wanted for the murder of Fritz Krueger, in the hold up of Abraham Reiger's saloon. His companions escaped. The capture was made in a lonely spot between the towns of Jefferson and Niles, where three bandits had sought refuge. The owner of the place was arrested, with his 19 year old daughter. His son, Frank Papilenski jr., escaped after he had been shot in the back of the head by the police.

Work of Train-Wreckers.

Chicago, March 21.—Information was received by the Rock Island Railroad officials in Chicago this morning that the Colorado limited had been wrecked two miles west of Homestead, Iowa, at 12:15 o'clock this morning. The report states that spikes had been removed from two lengths of rails and that it was evidently the work of train wreckers. Engineer Hotchkiss, his fireman, and one mail clerk were injured. No suggestion of attempted robbery was made, according to the report.

New York Stock Market.

New York, March 21.—The speculative element trading through up town offices and western houses turned to the bull side this morning and was a fairly good buyer of stocks. The fluctuations after the opening were narrow and the trading quiet, although first prices showed gains of small fractions in some shares. About an equal number showed small losses and during the first hour there were diverse movements in the few stocks that were actively traded in. Sugar declined from 143 to 142 on selling induced by the closing of the refinery in Brooklyn. Nearly all the room shorts covered in the first hour and then the trading element shifted its position again and sold just about what it bought, causing reactions and declines ranging from ½ to ¾ from the early price level.

Indianapolis, March 21.—In the presence of one of the largest crowds of prominent Masons that ever assembled in this city Vice-President Fairbanks yesterday took the Chapter degrees in Masonry. The first of the degrees was conferred at 12:30 o'clock, and the last was not completed till 9 o'clock last night. The ceremonies took place in the Masonic Temple, which was beautifully decorated for the occasion, and the degrees were conferred under the direction of Keystone Chapter, No. 6, Royal Arch Masons. The Vice-President will take the Scottish Rite degree when he returns to his home here for the summer.

AN APPEAL.

To the People of Virginia:

I am an old man, have weak eyes, gouty fingers, no amanuensis, and see nobody who is well informed about educational matters, but judging by the little I have seen and heard I must regard the operations of the Co-operative Education Commission of Virginia as highly patriotic and beneficial.

The fact that it is a purely voluntary organization, without authority and without public money, should commend it all the more to the friends of education, and perhaps especially to school officers, who are required by law to do exactly the sort of work the commission is aiming to do. It will be a great thing to break the apathy of the public and the official mind, if nothing more is done.

Every illiberal thought should be laid aside in view of the objects announced for the May campaign, and in view of the character of the persons conducting it. The objects are the best possible. The actors belong to the education and educating elite of the State; they work with and for the public school system; they work without pay; they must love the people; they certainly love Virginia, and they know the power of education. Such persons, male and female, deserve public confidence, and should have the sympathy and help of the friends of education.

The first field work, I am glad to observe, is for the benefit of the country schools; because the country schools have the greatest difficulties, and because the strong country children are to determine the destiny of the State and the destiny of every country family.

When these apostles of education enter upon their May work let them be attended with open eyes and ears. They have good things to say, and there are many good things they can do. Who will bring out the people? Who ought to bring them out? The answer is easy. W. H. RUFFNER.

TELEGRAPHIC BREVITIES.

The passage of the anti-betting bill by the Tennessee legislature will practically kill racing in that State.

Because Rev. W. H. Dockham, pastor of the Mittineague Methodist Church at west Springfield, Mass., will marry a pretty parishioner of half his years, the church has refused to ask him to remain another year.

A young man, who, it was ascertained later, was suffering from cerebro spinal meningitis, was found unconscious in New York this morning. He was identified as Victor Meinel, 20 years old, an Austrian, living at Newark, N. J.

In a message to the Massachusetts legislature today, Governor Douglas sounds a note of alarm regarding the rapid increase of the State debt and recommends the passage of a law taxing direct inheritances. He says that including the municipal indebtedness of the cities and towns of the commonwealth, and the county debts, the total public indebtedness is $294,093,697, or more than nine per cent. of the valuation of all the property in the State.

Fight With Moonshiners.

Surrounded and after having fought for five hours, Lawrence C. McIlivey and his 12 companions, moonshiners, located six miles from Big Creek, W. Va., surrendered to Deputy Sheriff Calvin and his men yesterday.

McIlivey has been running a moonshiner's still for some years, but marshals were unable to locate or get sufficient evidence to convict him until yesterday, when John Naval, one of the gang, called at the home of Deputy Calvin and told him the location of the still and how to capture the gang.

Naval claims that he had been with the crowd for three years, but because he refused to remain one of the members any longer they tied him to a tree and tortured him, every man of the gang lashing him with large blacksnake whips.

Deputy Calvin, with 20 men, surrounded the still, and after fighting five hours, with the loss of one deputy, Frank Newman, and killing or seriously wounding nine of the moonshiners, they surrendered to him. This is a big capture for the newly elected deputy, as this gang has outwitted some of the best revenue men in the country.

Divorce Issue Splits Catholic Social Set.

An issue on the divorce question has been raised in Catholic social circles in Washington by an organization known as Daughters of the Faith, which requires its members to shun divorced people, to refuse to eat at the same table or hold any social relations whatsoever. This was objectionable to some of the members, particularly to Mrs. Neilson, whose daughter, Mrs. Arthur Kemp, now Mrs. Hollis Hunnewell, has recently figured in a divorce, ann there was a split in the society.

Miss Loomis, one of the organizers, went to Rome last month and got the Pope's sanction of the society and its strict views on the marriage question.

In the meantime, the more liberal Catholic women of New York have organized another club, and they are prepared to bring competition against Miss Loomis and her co-workers. Prominent in this club are Mrs. Robert Cutting, Mrs. Delancy Kane and others of the fashionable social set. These women do not intend to force the divorce question as an issue.

Needs Bread.

A North Dakota newspaper says: "It is reported that one of the fastidious newly married ladies of this town kneads bread with her gloves on. This incident may be somewhat peculiar but there are others: The editor of this paper needs bread with his shoes on. He needs bread with his shirt on. He needs bread with his pants on, and unless some of the delinquent subscribers of this "Old Rag of Freedom" pony up before long, he will need bread without a d—thing on, and North Dakota is no Garden of Eden in the winter time.

As stated yesterday Senator Martin opened headquarters in Richmond that day and held a reception. A friend of the Senator who was in the room said: "The situation is all that we can ask, and as to the result we have no doubt. All is lovely and from what I have been able to gather after much traveling and observation, I have no hesitancy in saying that Senator Martin has nothing to fear were the vote taken tomorrow."

WEATHER PROBABILITIES.—For this section rain tonight. Wednesday partly cloudy; fresh to brisk northeast to east winds.

River Notes.

The river front presented a dismal appearance this morning. A raw northeast wind was prevailing and the atmosphere was laden with moisture. A bank of mist hung over the Maryland hills. A few sailing vessels and some tugboats were moving up and down the river.

The Norwegian bark which brought bone from South America to the Bryant Fertilizer Company has almost discharged her cargo. Another foreign vessel loaded with bone for this port is at sea.

The barge Reliance has arrived at the Bryant Fertilizer dock where it will be loaded.

Augustus Dean & Son are to expand their boatbuilding plant by equipping it with a marine railway, large enough to haul up the vessels that trade on the Potomac. A dredging machine is at work at the shipyard deepening the water at the site of the railway, and the work of building the bed and cradle for the ways will be started soon. A Solomons Island Md., boat builder is said to have secured an interest in the Alexandria Marine Railway and Shipbuilding Company's yard, and will bring his plant to this place.

The tug Camilla, Capt. Henry Davis, is to receive a general overhauling of her engine and machinery. The work will be executed at this place.

The steam yacht Runaway, owned by Mr. Joseph Moore of this city, is in the Duke street dock, where it is being overhauled and put in order for service on the river during the summer. The Runaway will be used for pleasure purposes.

The wharf of the Norfolk and Washington Steamboat Company at this port is being repaired.

Alexandria and Washington Ferry.

Mr. W. B. Hibbs, of Washington, yesterday acquired from the Hart estate in New York complete control of the Potomac Ferry Company. The stipulations of the sale, which include the terminal facilities, the complete charter rights, the boats, and he entire property, were decided upon and consummated today through Mr. Hibbs's attorneys in New York. The property will be completely overhauled, and $300,000 immediately spent in improvements, with the aim of giving the public a perfect and satisfactory service. As has heretofore been stated, two new steel-hull double-end screw ferry boats of the most modern pattern will be purchased. They will be double decked, with cabins and smoking rooms below and a ladies' saloon above. They will make trips every half hour during the day, and probably oftener during the rush hours, carrying both freight and passengers. The trip will be made in twenty minutes, and at a fare low enough to satisfy the traveling public. In order to prepare for the new boats, which will be ready in the near future, and which will be added to by more if the traffic warrants it, double slips will be built at Alexandria and Washington. A feature of the new order of things will be the giving of transfers, by means of an agreement with the Washington street railway company, from the wharf to any portion of the capital city. The company will be incorporated with $250,000 in bonds and another $250,000 in stock, and the company will be organized in a few days.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Tuts Olden, colored, arrested by the same officers, was fined $2.50.

Dalis Washington, colored, arrested by acting Chief Smith charged with assault and beating Julia Washington, was fined $5.

Foreman Waylaid.

Aureco Felicione, an Italian, was assaulted and robbed by two unknown negroes a short distance north of this city early last night. Felicione, who is a foreman for Reider, Curtis, & Hill, the railroad contractors was knocked down with a b ludgeon and seriously injured about the head. The robber took from him $13 in cash and a number of pay checks and made their escape. The police in this city were notified of the robbery.

Loss to an Alexandrian.

The plumbing department of the Strow Morris Machine Works at Charleston, S. C., which is under the name of W. L. Ticer & Co., lost about $400 in tools and material in a fire last Thursday evening. Mr. Ticer is a native of this city, and his many friends here will regret to learn of his loss. The works will be rebuilt as soon as possible, and in the meantime Mr. Ticer will fill a position with the Coal and Coke Railroad Co.

The Fishery.

The change in the weather is a temporary setback to fishermen, who were anticipating the appearance of shad and herring in the river. These fish had been caught in small lots at several points in the river during the mild weather of the past few days. The fishermen operating near this city still report fair catches of pan fish, but no shad or herring have as yet been caught in this vicinity.

Conference Notes.

The Virginia Conference of the M. E. Church, which met last week in Wise county, has adjourned and Rev. J. A. Jeffers, pastor of Trinity Church, in this city, has returned to his home. The appointments made for this vicinity are as follows: Alexandria, J. A. Jeffers; Arlington, Wm. Pierpoint; Accotink, W. S. Landstreet; Berryville, J. D. Maye; Falls Church, to be supplied; Herndon, W. F. Miller; Hillsboro, G. W. Stallings; Manassas, E. B. Catlin; Phoebus, A. J. Porter; Waterford, W. A. Little.

It will be seen by the above that Rev. J. A. Jeffers, who has so well and acceptably filled the position of pastor of Trinity Church in this city, was, his many friends here will be glad to learn, returned to the Alexandria charge.

Conference passed unanimously the resolution sent from the Alexandria district to transfer the upper part of this district to the Baltimore Conference and the lower portion to the Wilmington Conference. Under this resolution Trinity Church will make application for admission to the Baltimore Conference, which meets soon in Baltimore.

Prisoner Dismissed.

Hillary Brown, colored, was recently arrested charged with knowing something about the origin of the fire which partially destroyed Carter's stable, on Fayette street, on Saturday March, 11. The case came up in the Police Court last Tuesday and principally upon the statement of Kate Gibson, also colored, Brown was sent on to the grand jury. Since that time additional evidence has been gathered which proved conclusively an alibi for Brown on the night in question. This morning Justice Caton re-opened the case when this new evidence was introduced together with the general good character of the prisoner. The Gibson woman's evidence was both conflicting and contradictory to former statements she had made and after listening to the case for some time, Justice Caton reversed his former decision and dismissed the prisoner from custody.

Personal.

Chief James F. Webster, of the police force, in confined to his home by sickness Lieut. Smith is acting as chief and Officer Young is filling the lieutenant's place.

Mr. G. T. Hutchins, of Worcester, Mass., is on a visit to his sister-in-law, Mrs. Blanche Berkley, No. 818 Prince street.

Rev. Father Sullivan, of Georgetown University, will deliver the Lenten sermon in St. Mary's Church tonight.

Mrs. Mamie Sonner is still quite ill at the home of her parents on Payne street.

Mr. J. D. Eccleston, jr., of Prince Edward county, a prominent candidate for Superintendent of Public Instruction of the State, was in the city today and received many assurances of support.

Fatal Accident.

One of the men employed by Reiter, Curtis & Hill, contractors for the construction of the new railway yard at St. Asaph, was instantly killed this morning by being struck by one of the steam shovels now being operated at that point. The remains were brought to Mr. B. Wheatley's undertaker's establishment, in this city. The unfortunate man was an Italian and he was about 30 years old. His name could not be learned, as he had but recently been employed by the contractors. Dr. Ashton, Coroner of Alexandria county, held an inquest this afternoon when a verdict was rendered exonerating the contractors from responsibility for the accident.

Montague Club.

An organization to be known as the "A. J. Montague Club" was perfected in this city last night. Captain Albert Bryan was chosen president, and Dr. S. R. Donahoe secretary and treasurer. The club has about 25 members on its roll. It is purposed to hold weekly meetings in the rooms of the Business Men's League, if the rooms can be secured. At the meeting next week an executive committee and a number of vice presidents will be appointed. It is also purposed to have public speaking in the interest of Governor Montague during the senatorial campaign.

Runaway.

A horse attached to a buggy in charge of Mr. James T. Patterson became frightened at a passing Chesapeake and Ohio passenger train near Four-mile run yesterday afternoon and dashed down the road. The buggy soon collided with a telegraph pole and was smashed and Mr. Patterson thrown out. The latter fortunately escaped serious injury. The horse was stopped some distance from the scene of the runaway.

New Bank Building.

The new building of the Virginia Safe Deposit and Trust Company will, it is said, be ready for occupancy on Monday next. The exterior of the edifice is handsome and the structure imposing. The interior has been fitted with all modern contrivances for the banking business, and the appointments are commodious and in a measure luxurious.

Oyster Roast.

The members of the Relief Hook and Ladder Company last night gave an oyster roast at their headquarters on Prince street, which was attended by a number of the friends of the members. The Fire Wardens were also present. After the meeting of the Reliance tonight the members of that company will give an oyster roast.

Jackson, W. P. Jackson, G. H. Zellers, Malcolm Hufty, Hugh J. Phillips, I. C. Cockey and Lawrence Hufty.

Equinox.

Today occurs the vernal equinox and, according to the almanac, spring begins. The day, however, has not been a very springlike one, as a cold rain has fallen at intervals since morning and a penetrating wind has prevailed. It cannot be long, however, before spring sets in in earnest.

A Favorite Remedy for Babies.

Its pleasant taste and prompt cures have made Chamberlain's Cough Remedy a favorite with the mothers of small children. It quickly cures their coughs and colds and prevents any danger of pneumonia or other serious consequences. It not only cures croup, but when given as soon as the croupy cough appears will prevent the attack. For sale by Gibson and Timberman and W. F. Creighton & Co.

LOCAL BREVITIES.

The days and nights are now of equal length.

Mr. R. D. Rodgers will conduct services in the Village Chapel, on Gibbon street, between Alfred and Patrick, tonight.

J. W. Robertson has been given the contract for building three dwellings for Amanda Gray, on the east side of Peyton street between King and Prince.

Mr. Robert Smith, living on Cameron street, was attacked by three dogs near Colross yesterday evening. His hands and legs were torn by the brutes before they were beaten off.

R. H. Cox, sergeant, has been appointed administrator of the estate of Frederick Schneider, who was killed in the railroad accident just west of the city on the 1st inst.

The temperance meeting at the M. E. Church South last night was quite a success. The address by the Rev. Mr. Tinling was very interesting and instructive. The meeting tonight will be in Trinity M. E. Church.

A number of persons interested in the labor organizations of this city assembled in Sarepta Hall last night to hear an address delivered by Mr. W. S. Sherman, secretary of the Electrical Workers' Association of the United States.

The funeral of the late Barbara Moore, colored, took place this evening from Shiloh Church, and was attended by a large number of friends and acquaintances of the deceased. The services were conducted by Revs. Loving, Warren and Gibson, the last-named of Washington.

First Lieut. Howard H. Bailey has been ordered to proceed to Fort Myer and report to the commanding officer of the First Squadron, Seventh cavalry, for duty to accompany that squadron to the Philippine Islands, where he is ordered to report to the commanding general, Philippines division, for assignment to duty.

Mr. Hay May Retire.

It is believed by many in Washington that Secretary of State Hay will not return to his post, and that his European trip is practically his retirement from public life

William H. Taft, the Secretary of War, is the President's adviser during the period that Mr. Hay is seeking to regain his health. It is generally believed that Mr. Taft is the man the President will indicate for Secretary of State if Mr. Hay's illness compels retirement, though there is some talk of Senator Lodge. There are two other Senators who might be considered for the place. These are Spooner, of Wisconsin, and Foraker, of Ohio.

The chances, however, are that Mr. Taft will be elevated to the "premiership" and that the President will look for a new Secrecary of War. The chances also are that Secretary Taft will be the administration's candidate for the republican presidential nominee in 1908.

Swanson in Harrisonburg.

Representative Swanson opened his campaign for the democratic gubernatorial nomination before the people of Rockingham county yesterday in an address at the courthouse in Harrisonburg. Mr. Swanson's address followed closely the issues outlined in his formal announcement. It was enthusiastically received.

Last night he addressed the commercial travelers who had a meeting there. He went there Saturday night, and since then has met many county people, who brought him assurances that the county would give him a handsome majorty in the forthcoming primary. He and his friends are immensely pleased with the outlook.

He was followed by democratic State Chairman J. Taylor Ellyson who spoke briefly in behalf of his candidacy for lieutenant governor.

Wedding Ends in Tragedy.

A wedding celebration at Clark and Polk streets, Chicago, was terminated suddenly by Policeman Henry Decker, who shot one of the merrymakers, Vito Malpedo, in the abdomen, inflicting a fatal wound. Half a dozen Italians, one of whom was Malpedo, attacked the policeman because he had ordered them to disperse. Malpedo ran into a saloon and snatched a policeman's club from behind the bar. He than joined the others at the corner, where they were wrangling with the policeman. Wielding the club with all his power in his arms, he swung it around and struck the officer on the head, knocking him down. Decker regained his feet and used his own baton on his assailant. Malpedo rushed upon him again from behind and dealt him a terrific blow that sent the policeman to his knees. Two men seized the officer's club and prevented him from using it. Fearing for his life, Decker drew his revolver as Malpedo came toward him again with the club uplifted. He fired only one shot, Malpedo staggered to the middle of the street and fell. At the sound of the shot hundreds of persons in "Little Italy" ran from the tenements. Women threw themselves upon the man who lay wounded in the street. The police were notified, and when a wagonload of men arrived more than 1,000 persons, men, women and children, were struggling in the street. Officer Decker, covered with blood, stood at the side of the man he had shot, and he had another of his assailants under arrest. After his injuries were dressed he returned to his post.

Fish Stop Great Water Mill.

A dispatch from Rhinelander, Wis., says that thousands of fish are clogging the river since the spawning began, and a small army of game wardens is making difficulties for the million-dollar Rhinelander paper mill to such an extent that the mill-owners may appeal to the Governor to call his wardens off. When the ice began to leave the river huge swarms of fish commenced to run for spawning. Soon the water in the mill races was dammed tight and the big water wheels were clogged beyond further service. The managers of the plant promptly put a force of men at work to beat back the fish. The men were armed with pike poles, axes and clubs. Then game wardens appeared, and have preceeded to arrest every man who happened to kill a large fish.

Are You Engaged?

Engaged people should remember, that, after marriage, many quarrels can be avoided by keeping their digestion in good condition with Electric Bitters. S. A. Brown, of Bennettsville, S. C., says: "For years my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor and became a mere wreck of her former self. She tried Electric Bitters, which helped her at once, and restored her entirely well. She is now strong and healthy." E. S. Leadbeater & Sons, druggists, sells and guarantees them at 50c a bottle.

Proper Treatment of Pneumonia.

Pneumonia is too dangerous a disease for anyone to attempt to doctor himself, although he may have the proper remedies at hand. A physician should always be called. It should be borne in mind, however, that pneumonia always results from a cold or from an attack of the grip, and by the proper treatment of these diseases a threatened attack of pneumonia may be warded off. There is no question whatever about this, as during the thirty years and more that Chamberlain's Cough Remedy has been used, we have yet to learn of a single case of a cold or attack of the grip having resulted in pneumonia when this remedy was used. It is also used by physicians in the treatment of pneumonia with the best results. Dr. W. J. Smith, of Sanders, Ala., who is also a druggist, says of it: "I have been selling Chamberlain's Cough Remedy and prescribing it in my practice for the past six years. I use it in cases of pneumonia and have always gotten the best results." Sold by Gibson & Timberman and W. F. Creighton & Co.

A Dinner Invitation.

After a hearty meal a dose of Kodol Dyspepsia Cure will prevent an attack of Indigestion. Kodol is a thorough digestant and a guaranteed cure for Indigestion, Dyspepsia, Gas on the Stomach, Sour Risings, Bad Breath and all stomach troubles. N. Watkins, Lesbus, Ky., says: "I can testify to the efficacy of Kodol in the cure of Stomach Trouble. I was afflicted with Stomach Trouble for fifteen years and have taken six bottles of your Kodol Dyspepsia Cure, which has entirely cured me. The six bottles were worth $1,000 to me." Sold by all druggists.

Nothing will cure Indigestion that dosen't digest the food and give the stomach a rest, It isn't necessary to starve yourself in order to rest your stomach—take Kodol Dyspepsia Cure. It will digest any quantity of all the wholesome food you want to eat while your stomach takes a rest—recuperates and grows strong. This wonderful preparation is justly entitled to all of its many remarkable cures. Sold by all druggists.

There is one rational way to treat nasal catarrh: the medicine is applied direct to the affected membrane. The remedy is Ely's Cream Balm. It restores the inflammed tissue to a healthy state without drying all the life out of them and it gives back the lost senses of taste and smell. The sufferer who is tried of vain experiments should use Cream Balm. Druggists sell it for 50 cts. Ely Brothers, 56 Warren street, New York, will mail it.
